Project Plan — Phone as Key

Project sentence

Phone as a key, to access a private survey, for participants.

The relation

A randomly generated sequence of physical actions unlocks access to the survey.

Actions

- Shake the phone
- Swipe
- Press and hold

Where

Public places — the school hall, the school gate, the cafeteria.

What I am testing

Whether the approach works: a sequence of physical actions, done in public on the participant's own phone, can unlock access to the survey.
